

Web Librarian

The AfB library is one of the strongest features on our [website](#) and has the potential to become known as a significant resource on Bhikkhuni information. The librarian would be a major contributor to this development.

The librarian would function to create a more robust and easily accessible resource for those interested in delving into knowledge of bhikkhuni issues, history, and spiritual understanding.

Some of the tasks involved in this position are:

- Adding articles from [Present](#) to the [current library page](#).
- Create a library page based on subject in addition to the current one, based on author.
- Search the web for additional relevant articles to be placed on these pages.
- Create an audio/visual library.
- Create a news page and keep it updated on a regular basis with current significant news relating to bhikkhunis.
- Research information for [IBD day](#) and other material as needed.

No web skills are necessary, but the layout and format of these pages will be discussed with the webmaster.

The person in this position must have a strong interest in Theravada Buddhism and an ability to organize web resources in a coherent and accessible way.
