

Volunteer Opportunity with Alliance for Bhikkhunis - AfB was founded in 2007 to raise funds to support of the re-emergence of Theravada Bhikkhunis, to educate and to act as a clearing house for information about Bhikkhunis. We are often asked where someone might train or study. At this time, no comprehensive Bhikkhuni Directory exists. However, we do currently have a [directory](#) on our website, but it needs to be updated and expanded to include all bhikkhuni monasteries and training centers around the world, with pertinent contact information and current resident monastics. In addition, we are thinking of establishing a bhikkhuni directory, listing each bhikkhuni's current monastery, ordination date/s and preceptor/s. (Although we are starting with Theravada bhikkhunis and monasteries, we may eventually want to expand to include Vajrayana and Mahayana bhikkshunis.) Volunteers would need to be familiar with the internet and preferably have some knowledge about bhikkhunis. If you would be interested in participating in this very worthwhile project, please contact Gwen Jones at hiker.gwen@gmail.com. Your help will be widely appreciated and you will be making a significant contribution to everyone's knowledge of and accessibility to the Bhikkhuni Sangha.
